WCU Activities

Since 1975 WCU has been leading in conservation education to help Uganda's future leaders understand nature and increase their ability to use resources wisely. Our programmes include: annual competitions, Wildlife Clubs Convention, mobile education, wildlife camps, conservation seminars and workshops, and publications, among others.

MEMBERSHIP

WCU's membership, which started as school groups, has now grown to include honorary members, Associate members, adult groups, and corporate members. School members include primary schools, secondary schools, and tertiary institutions.

About the Clubs

The wildlife clubs of Uganda (WCU) is a country wide association of young people's environmental clubs who are committed to the conservation of Uganda's natural heritage and the wise use of environmental resources.

WCU was founded in 1975 as a non-religious and non-political association that does not discriminate in its membership on the basis of gender, ethnicity, religion or political differences.

Mission

WCU's mission is to educate the population so as to ensure the sustainable use of Uganda's natural resources and to conserve the country's wildlife heritage for the present and future generations.

Objectives of WCU

The Wildlife Clubs of Uganda aims to:

- To cultivate a desire for environmental conservation amongst the people of Uganda and East Africa as a whole.
- To promote the appreciation and scientific study of the country's wildlife and the environment.
- To promote the realization of the economic, recreational and aesthetic values of the country's natural resources.
- To improve cooperation with other organizations having similar objectives both inside and outside Uganda
